

## **Toledo School for the Arts Parents' Organization**

The Toledo School for the Arts Parents' Organization supports the school through volunteering at school events, serving as a voice for parents, assisting with parent communication, and fundraising to enhance students' experience. Being involved lets us get to know other TSA families, faculty, and staff and gives us a better understanding of our children's day-to-day life at school. We meet monthly with administrators and work directly with teachers and staff to provide assistance where it is needed.
