2024-25 What Happens After the Lottery?

Saturday, March 23

Attend Next Step Day (If Applicable)

- A limited number of students are invited to Next Step Day based on the order of their wait list number.
- Invitations with more details will be sent via email shortly after the lottery.
- Generally, families can expect to have their students participate in academic placement tests (6th grade), artistic auditions (will vary depending on grade level and artistic area of interest) and counseling department meetings.
- An invitation to Next Step Day neither guarantees nor determines entrance into TSA.
- More applicants are invited than we have spaces for in order to facilitate the wait list process.
- Next Step Day DOES NOT determine admittance into TSA and is only for class placement.

Entering 6th graders

- All students are placed on a wait list in the order they were randomly drawn in the lottery.
- Students in positions 1 – 130 will receive an invitation to Next Step Day.
- Students in positions 1 – 115 can expect an offer letter in May.
- Lottery numbers 116 and beyond will remain on the wait list and be notified if spaces become available. Wait lists will expire on Sept. 30.

Entering 7th – 12th graders

- All students are placed on a wait list in the order they were randomly drawn in the lottery.
- Because current students have the opportunity to re-enroll, ALL students are wait listed. Even if your student is drawn in the #1 position for their grade, they are wait listed until a space in their grade is confirmed to be available.
- Initial offers will be made in May. Those not receiving an initial offer will remain on the wait list and be notified if spaces become available. Wait lists will expire on Sept. 30.
